

Ballistik Hockey Inc. Signs International Distribution Agreement

Ottawa, Ontario - Nov. 15, 2004 Ballistik Hockey Inc. adds video analysis software tool to its product line.

STEVA Sports Software Inc., developer of STEVA Hockey and Ballistik Hockey Inc., a leading composite hockey stick manufacturer are proud to announce they have signed a distribution agreement whereby Ballistik Hockey Inc. agrees to sell STEVA Hockey video analysis software. STEVA Hockey is a professional quality video analysis tool at a price all teams and associations can afford.

Ballistik™ Hockey and its affiliated companies, who are dedicated to developing at the grassroots level, the use of very affordable all-composite sticks, are now adding a player and coach development tool to their product list. STEVA Hockey provides coaches and players an easy to use tool that provides the opportunity to review past performance with the intent on continual improvement.
